

Value in the Flow – lyrics

A model's just a frame, till it's put to use
Not just a picture you can't refuse
It lives when it guides the choice you make
When it saves you time, when it stops mistakes

It's not the lines, it's not the art
It's the way it moves the heart
When the plan becomes the key
That's when it sets the future free

Value in the flow – make it real, let it show
Guiding every move – that's the way we know
Value in the flow – make it real, let it grow
Turning every step into gold we hold

Value in the flow – make it real, let it show
Value in the flow – make it real, let it grow

From the boardroom talk to the midnight call
It's the insight that can save it all
Better choices, faster moves to play
Clearer vision at the break of day

It's not the lines, it's not the art
It's the way it moves the heart
When the plan becomes the key
That's when it sets the future free

Value in the flow – make it real, let it show
Guiding every move – that's the way we know

Value in the flow – make it real, let it grow
Turning every step into gold we hold
Value in the flow – make it real, let it show
Value in the flow – make it real, let it grow
